SPECIAL EVENTS POLICY

PURPOSE

The purpose of this policy is to designate those public facilities where special events may take place, impose appropriate conditions, establish a fee, and establish a permitting process in order to protect the health, safety, and welfare of the residents of the City.

DEFINITION

A special event is defined as a non-city sponsored event which uses City owned facilities in order to accommodate the expected number of participants/spectators. An event which requires additional accommodations, whether or not supplied by the City, such as tents, temporary buildings, etc. is considered a special event. Examples are dances, concerts, company parties, large church gatherings, and similar events. A special event is not a private social gathering (family reunion etc.) which uses a public park, pavilion or other facility at or below its posted occupancy level. An event which anticipates attendance of 200 or more persons will generally be considered a special event.

FACILITIES

Special events which include concerts, dances, or which involve the presence of animals are limited to those facilities located at the Fairgrounds.
