

Dear Interested Vendor:

We are pleased to announce the continuation of the Spanish Fork Wind Festival and "Green" Energy Expo coming this August 29, 2009. The AIM of the Festival is two-fold:

- To celebrate WIND POWER with a premiere Kite Festival (hosting water craft kiting, children's kite-making workshop, sail-boating, etc.) and to mark the 1st Anniversary of the Spanish Fork Wind Farm
- To feature selected products that are eco-friendly, use alternative power sources, and generally help folks to learn more "green" practices

Last year's event was a HUGE success with over 20,000 people in attendance. What made our Festival so exciting was the mix of entertainment with educational outreach. Families were able to build and fly kites together, drive a Segway or an electric cart, learn about personal windmills and solar for their own homesites, or have a picnic amidst a fabulous kite garden.

The venue site is located high up on the ridge at the Spanish Fork Gun Club campground area. There are numerous campsites located on a road with a turn-a-round at the far end. This spectacular camp area becomes the "Green Walk" for this one special day and specially invited Vendors teach and display the wonderful products that can make life a little more sustainable.

To reserve a spot, the Energy Expo will cost \$125.00. You would be invited to set-up your "booth" on Saturday morning, August 29 and be ready to "host" the public from 10:00 a.m. until 4:00 p.m. Please call me with your specific space and power needs. This EXPO is all outdoors so you might want to bring pop-up tents or umbrellas to help provide some shade for your staff. This is not like an indoor expo with limited space--you will have a lot more room (tent pad, driveway, picnic table, etc.) in which to display your services or product. If you send me an email, I can send you a photo package of last years event.

We also welcome sponsors for this event. If you are interested in being a sponsor—there are many advantages for your participation. Please call me and I will happily explain all that we have to offer. Please fill out the attached information sheet and fax to 801-798-5066 Attention: Elaine Hansen.

Thank you for your interest in the Spanish Fork Wind & Energy Festival.

Elaine Hansen
Event Manager Spanish Fork City
(801) 472-9913 or (801) 362-2406

Current Sponsors include: ***Edison Mission Group, Energy Solutions, Klune Industries, Carstensen Construction, Suzlon, Wasatch Wind, Segway of Utah, and Spanish Fork City.***

Spanish Fork 2nd Annual Wind Fest & Energy Expo!!
