RETAIL WATER SERVICE DISCLOSURE

The retail drinking water service lateral line is the pipe that extends between the main water pipe in the road and the home or business.

Drinking water meters are typically located in the park strip area or just behind the sidewalk. Spanish Fork City is responsible for the retail water service line from the water main pipe in the road to the meter. The property owner is responsible for it between the meter and the home or business. See Title 13.04.030H at www.shorturl.at/bclK2 and SB 45 at www.shorturl.at/efxKP.

RETAIL SEWER SERVICE DISCLOSURE

The retail sewer service lateral line is the pipe that extends between the main sewer pipe in the road and a home or business. Spanish Fork City is responsible for pipe repairs from the main line in the road to the property line on residential properties. Owners of non-residential property shall be responsible for pipe repairs all the way from the main line to the building. All property owners are responsible for the cleaning and clearing of their entire service line.

All users of City utility services shall keep their service lines and connections and other apparatus in good repair and protected from frost, trees, and other hazards at their own expense. No person shall be allowed to dig into a City right-of-way for the purpose of laying, removing, or repairing any utility line without first obtaining an excavation permit from the City. See Title 13.04.030H at www.shorturl.at/qsyQV and SB 45 at www.shorturl.at/

SOLAR PANEL INFORMATION

NOTICE TO SPANISH FORK CITY UTILITY CUSTOMERS

State law requires that the City provide an annual disclosure on funds transferred from a utility enterprise fund to any other fund. The City has budgeted the following transfers.

The City of Spanish Fork has budgeted for the transfer from each utility fund to the general fund as a dividend to Spanish Fork taxpayers. This dividend is the result of the rate payers' investment in the City's utility infrastructure. These funds are used each year to help cover costs of important city services like police, fire, library, senior center, parks and recreation, and other city functions. The utility transfer helps keep property taxes low in Spanish Fork. If City utility services were provided by private utility vendors, these dividends would instead be paid to the private investor-owners. Because Spanish Fork residents are the investor-owners, these dividends are used to offset what otherwise would be a significant increase in property tax rates. These transfers are of funds which cannot be defined as a reasonable allocation of costs between funds. These amounts will not be repaid.

The amounts of the transfers are as follows:	Dollar Amount	% of Expenditures
From the Water Fund to the General Fund	\$ 350,000	2.15 %
From the Sewer Fund to the General Fund	\$ 150,000	0.34 %
From the Electric Fund to the General Fund	\$ 1,225,000	3.21 %
From the Storm Drainage Fund to the General Fund	\$ 25,000	0.21 %
From the Solid Waste Fund to the General Fund	\$ 25,000	0.84 %
From the Broadband Fund to the General Fund	\$ 200,000	2.18 %

Spanish Fork City also has a debt obligation that the Electric Fund is making payments on. The funds are to pay for the Justice Center (Police/Court Building). This transfer is for funds which cannot be defined as a reasonable allocation of costs between funds. These amounts will not be repaid.

The amount of this transfer is as follows:	Dollar Amount	% of Expenditures
From the Electric Fund to the Debt Service Fund	\$ 679,503	1.78 %

A public hearing will be held on Tuesday, June 7, 2022 at 6 p.m. at the City Council Chambers, located at 40 South Main Street, Spanish Fork, Utah. The public hearing will be to discuss the proposed dividend transfers in the Fiscal Year 2023 Budget. The fiscal year begins July 1, 2022 and ends June 30, 2023.

Thank you for your support and involvement as a utility customer of Spanish Fork.
