When in Doubt, Put it Out: Garbage and Recycle Pickup Calendar

Included in this newsletter is the garbage and recycling pickup calendar for 2023. Many people keep it for reference throughout the year!

There are only FIVE holidays in 2023 that adjust the collection schedule: Memorial Day, Independence Day (all days except Monday), Labor Day, Thanksgiving (Thursday only), and Christmas Day. **All other holidays are normal collection days.**

If you're ever unsure, put your can out. You can also visit spanishfork.org/garbage to check the calendar.

Crack Seal Repair

You will often find the street crews out filling cracks in the colder months of the year. These are the months that the asphalt contracts and the cracks are widest.

When the streets are dry and the ground not frozen, crews will then clear these cracks of rocks, dirt and debris with high pressure air. The cracks will then be filled with a very hot asphalt seal. Please keep parked vehicles and trailers off the side of the road and children away from the hot material during these operations.

Garbage and Recycle Pickup

Please make sure all garbage cans are out before 7 a.m. on your assigned collection day no matter when your garbage cans are “typically” picked up. Routes are constantly changing as the City grows and with the snow. See the Garbage Truck Routes Map for up-to-date collection day info at spanishfork.org/garbage.

It is important that vehicles or trailers are not blocking cans. Cans must not be filled with dirt, sod, asphalt, burned out charcoal/ashes, or large appliances that make the can too heavy for the garbage truck arm to lift.

Make sure lids remain closed so rain and snow cannot get into cans, weighing down the garbage and contaminating the recyclable materials.

Spanish Fork Chorale

We will be starting our Spring Semester on Tuesday, January 10th! If you want a fun night out once a week with music and friends, come and join us and bring a friend!

Practices are on Tuesdays from 7-9 p.m. in the Spanish Fork High School choir room.

Check out our website for more information: spanishfork.org/arts

Safety Tip For Winter Driving

Did you know that it takes 2 seconds to stop a vehicle when traveling 25 miles per hour in perfect road conditions?

All the more reason to be extra careful while driving on the snowy roads - especially in school zones.

**KEEP
HYDRANTS
CLEAR**

**Please clear 3 feet of snow
around fire hydrants to allow
emergency access**
