

GOOD NEWS ALL AROUND

THANK YOU TO THE ADOPT-A-PLANTER VOLUNTEERS

A special thank you to all the volunteers who took time on a Saturday to plant annuals in city planter boxes; this year we had the best turn out ever. This kind of service is what makes Spanish Fork a great place to live. In past years, up to 30 flats of flowers have gone unplanted because there were not enough volunteers to get everything done. This year, however, all but three flats were planted, which

we consider an overwhelming success.

We especially wish to thank the groups who went beyond their assigned planters to complete others that would otherwise have been missed. That's the true spirit of giving. Many hands make light work and it was fun to see what was accomplished when so many pitched in. Thank you!

NEW FALSE ALARM ORDINANCE TO GO IN EFFECT

Beginning July 1, 2010, a city ordinance will go into effect requiring all residential and business alarm systems in the city to have a permit, city code 9.44. The permit is issued free of charge by the Spanish Fork Police Department. The only fees associated with this new ordinance are those imposed to the residential or business owner beginning with the fourth false alarm reported to the department within a calendar year. The fee schedule is as follows:

First three false alarms:	No charge
Fourth false alarm:	Fifty dollars (\$50)
Fifth false alarm:	Seventy-five dollars (\$75)
Sixth through ninth false alarm:	One hundred dollars (\$100)
Tenth and all subsequent false alarms:	Two hundred dollars (\$200)

As an alarm owner, your responsibility will be to:

- Complete an Alarm Permit Application form,
- Post the permit sticker on or near the alarm control board and one on the front door to the building that has the alarm,
- Provide names of responsible key holders who can respond to the home or business within 30 minutes when requested, and
- Keep the department advised of changes in information regarding the alarm system, responsible parties, etc.

Residential or business locations with alarm systems not registered with the department will still be billed for false alarms reported to the department, beginning with the 4th false alarm. The new ordinance also provides for misdemeanor prosecutions of any person or corporation operating an alarm system within the city without a valid permit.

The goal of this new ordinance is to decrease the high number of false alarms the department currently responds to and use the man hours gained to better serve and protect our community. Your anticipated cooperation and compliance with this new ordinance is both appreciated and required. If you have questions, please call 801-804-4700. You can obtain a permit application at the Spanish Fork Police Department or online at the City's website.
