

GOOD NEWS ALL AROUND

**SNOW PLOWING THE CITY STREETS**

Spanish Fork City's objective is to provide an adequate transportation system for vehicles properly equipped for winter driving conditions. Optimal conditions will be provided as soon as practicable after a storm. Certain streets have a higher intensity use and thus have a higher priority for snow removal. Spanish Fork City has established the following criteria for snow removal:

**Priority 1:** Primary streets, such as arterials and major collectors, that are determined to be the minimum network needed to provide the basic transportation system for public safety, schools, high volume streets, steep grades, etc. These streets will be plowed 24

hours per day, 7 days per week. From 6:00 am to 11:00 pm only traffic lanes will be plowed.

**Priority 2:** Secondary and residential routes and selected minor collector, bus routes and residential streets deemed desirable to be maintained as weather permits. Traffic lanes only. Areas which are prone to wind and drifting snow will receive priority. Service will be provided during regular working hours.

**Priority 3:** Remaining city streets including cul-de-sacs. Traffic lanes only. Cul-de-sacs 1 pass in, 1 pass out providing no cars are parked in roadway. Service will be provided during regular working hours.

**Please note:** It is not the position of Spanish Fork City to maintain a bare pavement policy nor to provide snow and ice removal on every city street during or after every snow storm. Therefore, after periods in which movement of traffic has already occurred, snow plows can no longer totally clear snow packed or icy streets, but can only remove any new snow or loose material on top.

**FESTIVAL OF LIGHTS**

The Festival of Lights decided to bring back its most spectacular display ever: the PINK TREE. Standing over 60 feet high in the southernmost part of the beautiful Canyon View Park is a stately cottonwood tree. Over the

years, the old Christmas lights (once a vibrant pink) slowly faded to white due to weather exposure and age; finally, the pink tree was no more. Additionally, the Festival of Lights route was changed due to the new trail system.

Not long after it's disappearance, the public began to wonder, "Where is that magnificent pink tree?" Now in 2013, Festival of Lights is bringing it back—bigger and brighter than ever, with over 23,000 brilliant LED pink lights.

To help "herald" the year of the Tree, visitors will be greeted with an animated 10' tree at the bottom of the entrance. From that point on, visitors should enjoy the amazing trees featuring animated color changing lights, flying geese, giant raindrops, and other fun displays centered around "trees".

**THE PEOPLE'S TREE IS COMING TO TOWN!!**

The 2013 Capitol Christmas Tree, The People's Tree, harvested from a National Forest in Washington State, will travel through Spanish Fork as it makes its way across the country to Washington DC. Spanish Fork City is honored to be one of the "Whistle Stop" cities.

The Tree will be on display at City Park on Tuesday, November 12, from 6:00 to 8:00 pm. Be there to help welcome the tree that evening and sign the banner. A small ceremony will be held at 7:00 pm which will include the Mayor, City Council, Forest Service Representatives and State Representatives. The Maple Mountain High School Madrigals will also perform.
