We are in the thick of summer and that means increased air conditioning and pressurized irrigation use. This increased usage leads to larger utility bills. You may notice that there is a lag between your use of utilities and when you pay for them. This lag means that your usage at the beginning of the summer won’t be paid for until the end of the summer. For instance, the water you use for your lawn on August 6th won’t be paid for until October 20th. Because of this timing, the largest utility bills are generally those that are due on the 20th of August, September, and October. We hope this information will help you budget for the larger bills that come at the end of summer.

NOTICE TO SPANISH FORK CITY
UTILITY CUSTOMERS

State law requires that the City provide an annual disclosure on funds transferred from a utility enterprise fund to any other fund. The City has budgeted a set percentage transfer from each of the Utility Enterprise Funds (Water, Sewer, Electric, Storm Drainage, Solid Waste and Broadband) to the General Fund.

The City of Spanish Fork has budgeted for the transfer of 3.5% of each utility’s revenues from the utility’s retail rate to the General Fund as a dividend to Spanish Fork taxpayers. This dividend is the result of the taxpayers’ investment in the City’s utility infrastructure. These funds are used each year to help cover costs of important city services like police, fire, library, senior center, parks and recreation, and other city functions. The utility transfer helps keep property taxes low in Spanish Fork. If City utility services were provided by private utility vendors, these dividends would instead be paid to the private investor-owners. Because Spanish Fork taxpayers are the investor-owners, these dividends are used to offset what otherwise would be a significant increase in property tax rates. These transfers are of funds which cannot be defined as reasonable allocation of costs between funds. These amounts will not be repaid.

The amount of transfers is as follows:

<table>
<thead>
<tr>
<th>From Fund</th>
<th>Dollar Amount</th>
<th>% of Expenditures</th>
</tr>
</thead>
<tbody>
<tr>
<td>Water Fund to the General Fund</td>
<td>$181,495</td>
<td>2.98%</td>
</tr>
<tr>
<td>Sewer Fund to the General Fund</td>
<td>$119,082</td>
<td>2.27%</td>
</tr>
<tr>
<td>Electric Fund to the General Fund</td>
<td>$763,823</td>
<td>3.16%</td>
</tr>
<tr>

<td>3.87%</td>
</tr>
<tr>
<td>Broadband Fund to the General Fund</td>
<td>$178,023</td>

</tr>
</tbody>
</table>

Spanish Fork City also has a debt obligation that the Electric Fund is making payments on. The Funds are to pay for the Police / Court Building. This transfer is for funds which cannot be defined as reasonable allocation of costs between funds. This amount will not be repaid.

The amount of the transfer is as follows:
From the Electric Fund to the Debt Service Fund $ 695,363 2.87%

On Tuesday, June 6, 2017 a public hearing was held regarding these transfers. On June 20, 2017, the transfers from the enterprise funds were approved for the fiscal year that begins July 1, 2017 and ends June 30, 2018.

Thank you for your support and involvement as a customer of Spanish Fork’s utilities.
