SNOWSTORM PARKING

City ordinance requires that nothing be parked along the street once snow starts accumulating and up to 48 hours after a snowstorm. This has the following benefits:

1. Streets are cleared of snow more quickly and thoroughly;
2. Fewer incidents of damaged parked vehicles and trailers by plowing operations;
3. Safer plowing conditions, especially on steep roads; and
4. Nuisance broken down vehicles and trailers will be cleared from the streets more regularly.

Help us help you by not parking on the road when it snows.

GUTTER CLEAN UP

Please keep the gutters in front of your home clean and try to clear out, as best you can, under driveways that bridge over the gutter. A clean gutter makes the community look nicer, reduces flooding during rainstorms, pollution in our streams, and storm drain maintenance costs. Thank you for all your efforts to make our community a great place to live!
