Seeding and Rating Info

Ranking and Tournament Record:

National Tennis Rating Program System

- 2.0 This player needs on-court experience. Has obvious stroke weakness but is familiar with basic positions for singles and double play.
- 2.5 This player is learning to judge where the ball is going although court coverage is weak. Can sustain a shot rally of slow pace with other players of same ability.
- 3.0 This player is fairly consistent when hitting medium paced shots, but is not comfortable with all strokes and lacks execution when trying for directional control, depth, or power.
- 3.5 This player has achieved improved stroke dependability with directional control on moderate shots, but still lacks depth and variety. Exhibits more aggressive net play, has improved court coverage, and is developing teamwork in doubles.
- 4.0 This player has dependable strokes, including directional control and depth on both forehand and backhand sides on moderate shots, plus the ability to use lobs, overheads, approach shots and volleys with some success. Occasionally forces errors when serving. Rallies may be lost due to impatience. Teamwork in doubles is evident.
- 4.5 This player has begun to master the use of power and spins and is learning to handle pace, has sound foot work, can control depth of shots, and is beginning to vary game plan according to opponents. Can hit first serves with power and accuracy and place the second serve. This player tends to over hit on difficult shots. Aggressive net play is common in doubles.
- 5.0 This player has good shot anticipation and frequently has an outstanding shot or attribute around which a game may be structured. Can regularly hit winners or force errors off of short balls and can put away volleys, can successfully execute lobs, drop shots, half volleys, overhead smashes, and has good depth and spin on most second serves.
